Ranking Member Rosa DeLauro
1036 Longworth House Office Building
Washington, DC 20515

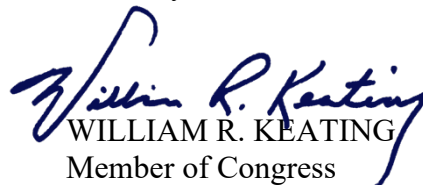

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Community Health Center of Cape Cod Grid Resilience Project in Fiscal Year 2027. The entity to receive funding for this project is the Community Health Center of Cape Cod, Inc. located at 107 Commercial Street, Mashpee, MA 02649. The funding would be used by the Community Health Center of Cape Cod, Inc. to install a solar canopy which would reduce its operational costs and energy usage, allowing increased resources for direct patient care and improved community health. Installation of this solar canopy will result in just over a 67% offset to electricity usage. This project estimates a 100% "pay-back" following year 8 of operation through reduced electricity usage. This project is an appropriate use of taxpayer funds because it will reduce utility spending which will in turn increase direct patient spending that will deliver measurable returns in public health, economic stability, and overall system efficiency for a federally designated community health center,

This project has a federal nexus because the funding provided is for purposes authorized under the Public Health Services Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

WILLIAM R. KEATING
Member of Congress
